PRESIDENT MCKINLEY HAS PASSED THE CRISIS

All Present Conditions Indicate His Early Restoration to Health and the Discharge of His Public Duties.

AFTER THE ANARCHISTS AND VILLIANOUS WORK

Emma Goldman Arrested and a Nest of
Others About Located.

THE LAW NOT SUFFICIENT
AS IT IS TO KEEP THEM OUT

But Strict Measures Being Considered on Every Hand for Ways and Means to
Prevent Their Operations — McKinley's Assassination Determined
Upon by Organization Beyond Question.

St. Louis, Sept. 10.—It has been
learned that Emma Goldman held con-
ferences last Friday and Saturday with
St. Louis anarchists in the saloon of
Ernst Kurzenkabe at 200 South
Third street. The police says she came
Thursday from Cincinnati, and departed
for Chicago Saturday night. When
told that she was accused of being im-
plicated in President McKinley's shoot-
ing, she laughed aloud, saying "Let's
see them prove what they allege."

New York, Sept. 10.—A special to
the Herald from Buffalo says: From
two sources, each of which is unim-
peachable, it is learned that the police
of the United States are ready to drag
a dragnet and capture a host of anar-
chists, all of whom are believed to be
concerned in the plot to murder Presi-
dent McKinley and other representa-
tives of the government.

Chicago, Sept. 10.—Emma Goldman
was arrested here today at noon. She
declined all knowledge of Czolgoz, and
his crime, but admitted having met
him here on July 12th. "I never advo-
cated violence," she said.

Chicago, Sept. 10.—"What did you
think when you heard of the attempt to
kill the President had been made?" was
asked.

"I thought, 'Oh, the fool,'" she
replied. She declared that anarchists do
not teach men to do the act which made
Czolgoz despised the world over. "Am
I accountable because some crack-
brained person puts a wrong construction
on my words?" she asked. "Czolgoz
may be inspired by me, but if he was,
he took the wrong way of showing it."

Chicago, Sept. 10.—Captain Colter,
chief of detectives, has sworn out a war-
rant charging Emma Goldman with con-
spiracy to assassinate President McKin-
ley.

Buffalo, Sept. 10.—Alfonso Stutz,

arrested several days ago on suspicion of
knowing something about Czolgoz, has
been released.

Nest of Anarchists Located.

New York, Sept. 10.—Immigration
Commissioner Fitchie, who is in charge
at Ellis Island says that it is impossible
to keep anarchists out of the country.
"The law at present states plainly
no one shall refuse admittance be-
cause of his political beliefs," the Com-
missioner added, "and the only way
that an anarchist can be kept out is by
proving that he had a criminal record
on the other side."

The declaration was made in response
to a query as to what would be done in
regard to a number of anarchists who
are on their way over here from England.
Scotland Yard officials had cabled
descriptions of these men and it was
thought that their entrance to this
country could be prohibited.

Staten, Ore, Aug 24, 1901

Crippled and Many Years an Invalid.

To whom these presents shall come, Greeting,
About fourteen years since nine years of age
I met with an accident which caused an injury
to my spine and pelvic bone which resulted in
the formation of humped shoulders and hip, a
shortening of the waist and displacement of in-
ternal organs, and shortening of about two
inches of one limb between the knee and hip.
In addition to the outward appearance of my
body as above described in March 1900 I was
taken with an acute and violent attack of
the effect of which I suffered greatly with my
lungs and heart, and when in May 1900 I came
to and began treatment with Dr. J. F. Cook my
condition was about as follows: Could per-
form no manual labor, could not stoop to pick
anything from the floor. Could get about the
house only with difficulty and getting up stairs
was next to impossible. Could use my limbs
only with difficulty and one of them was much
wasted. My nervous system was badly wrecked.
I had cough and severe pain on lungs and heart,
no appetite, could sleep only in broken spells,
and in many ways suffered almost constant and
intolerable agonies. In short I was as much
dead as alive. Previously to my attack of in-
fluenza I was treated over a period of years by
many physicians to no effect.

My personal appearance at this time is
straight in the back as anyone. My wasted
limb restored to normal size and but little more
than half an inch shorter than the other. Have
free use of my limbs and can go up stairs one
foot after the other with perfect ease. My
waist is lengthening. Can stoop to the floor
with ease. Can get about and do pretty much
any and everything other well people can do.
My appetite is splendid, sleep soundly and am
absolutely free from pain.

Having lived in Dr. Cook's family for nearly
a year I have seen much of the effect of his
treatment upon others, and can truly and
cheerfully recommend his treatment to all who
are afflicted in any way as I am.

The Doctor's treatment in this case was whol-
ly confined to his electrical remedies, constitu-
tionally administered. No resort to the use
of knife, mechanical appliances or other method
of treatment being employed.

LILLIAN ROSEBAUM, who lived in this vicinity
about nine years.
We, the undersigned, are personally acquaint-
ed with the above affiant and cheerfully sub-
scribe to the truth of the foregoing statement.

Savage & Reid,

President Passes Best Night Yet.

BUFFALO, Sept. 10.—Following bulletin was issued by
the President's physicians at 7: a. m. The President passed
the most comfortable night since the attempt on his life.
Pulse 119; temperature 100.4; respiration, 28.

Condition Eminently Satisfactory.

BUFFALO, Sept. 10.—9: a. m.—The President's condition
this morning is eminently satisfactory. His physicians say if
no complications arise, rapid convalescence be expected. Pulse
104; temperature 99.8; respiration 26. This temperature is
taken at mouth and should be read about one degree higher
by rectum.

Wants the Newspapers

BUFFALO, Sept. 10.—The President asked for papers to-
day and also when he would be allowed to sit up.

The following bulletin was issued by President's physici-
ans at 3:20 p. m. There is no change since this morning's
favorable bulletin. Pulse 110; temperature 100; respiration
28.

the plot was at least partly concocted in
Buffalo.

Law Don't Keep Anarchists Out.

New York, Sept. 10.—Immigration
Commissioner Fitchie, who is in charge
at Ellis Island says that it is impossible
to keep anarchists out of the country.
"The law at present states plainly
no one shall refuse admittance be-
cause of his political beliefs," the Com-

proving that he had a criminal record
on the other side."

The declaration was made in response
to a query as to what would be done in
regard to a number of anarchists who
are on their way over here from England.
Scotland Yard officials had cabled
descriptions of these men and it was
thought that their entrance to this
country could be prohibited.

"These anarchists in most cases are
not paupers and meet all the require-
ments of the immigration laws," the
Commissioner said.

More Anarchists Arrested.

Chicago, Sept. 10.—The warrant ar-
rested on Miss Goldman, names as co-con-
spirators Abraham Isaacs; Maurice
Isaacs; Clem Pfentzer, Hippolyte
Havel; Henry Travaglio; Alfred Schlei-
der; Julia Mechame; Marie Isaacs and
Marie Isaacs, Jr. C. J. Norris, at whose
home Miss Goldman was captured, was
arrested later.

The description of one of the men
given by McMurray is not unlike the ap-
pearance of Czolgoz and it is known
that on July 12 he was in Chicago going
east to Buffalo that night.

SULTAN PLAYS DOUBLE

London, Sept. 10.—The Tangier cor-
respondent of the Times says: "The
Sultan desires to give effect to the con-
vention agreed to between his plenip-
otentiaries and Lord Lansdowne in
London last June. Letters have been
received permitting the exportation of
potatoes and other vegetable, the ship-
ping of which was formerly not allowed,
but this found only one class of the
convention."

This action of the Sultan does not
illustrate the sincerity of his protec-
tion of friendship for England.

"The disturbances in the country are
increasing, and amount almost to anar-
chy in many districts. The Minister of
Foreign Affairs believes that the Spanish
captives carried off last May have been
put to death. The Spanish Government
claims from the Sultan £250 daily from
the date of the capture until at Thurs-
day when it will take further steps.
There is no indication that Madrid has
yet decided what steps will be taken."

SECOND OPERATION IS NOT NECESSARY

Physicians Unanimous in Their Faith as to
the President's Recovery.

THE CRISIS NIGHT PASSED
WITHOUT UNFAVORABLE SYMPTOMS

Roosevelt and Hanna Leave Buffalo Convinced that the Worst is Over —
Blood Poison and Abscess No Longer Feared by His
Physicians.

BUFFALO, N. Y., Sept. 10.—What may
be termed the crisis night, the fourth
since the dastardly attempt on the life
of President McKinley, has passed and
without a single symptom unfavorable
to the President's recovery. After con-
sultation the doctors clearly indicated
their satisfaction.

"Do you regard the President out of
danger?" Dr. Parke was asked.

"I do not want to go that far. What
can be said is that unless some unex-
pected complications develop, we expect
him to recover."

Dr. McMurray was in high spirits.
"We believe the President practically
out of danger," he said. "Blood poison
might still develop, but the chances are
remote. As for peritonitis, we consider
that danger passed."

"Might not an abscess form about
the bullet?"

"Yes, of course, but if it does we can
easily remove it, if the President con-
tinues to improve."

"How soon will a second operation for
the extraction of the bullet be per-
formed?"

"Never," replied the surgeon. That
piece of lead incased in the muscles
of his back will cause no harm. Of
course, if it gives trouble an operation
will be performed."

BUFFALO, Sept. 10.—Vice President
Roosevelt will leave today for Oyster
Bay.

BUFFALO, Sept. 10.—Senator Hanna
says he is so well satisfied with the
President's condition, that he leaves
here this evening for Cleveland.

London, Sept. 10.—The following dis-
patch received from Lord Kitchener
dated Pretoria: "Since Sept. 2, the
columns again got good results, the total
bag being 681, composed 67 killed, 67
wounded, and 484 made prisoners, and
163 surrendered. 179 rifles, 6522 rounds
of ammunition, 3400 horses and 10,000
head of cattle."

Tired Out

That's nothing. Every one
is tired at times. The trouble
is you can't get rested. It's
your impure blood that makes
the disturbance. Try Ayer's
Sarsaparilla. Your doctor
will tell you what is in it, and
why it will help you so
promptly.

"I suffered terribly for 12 years.
The doctors said my blood was all turn-
ing to water. At last I tried Ayer's
Sarsaparilla, and was soon in the best
of health again."
